

How to Search EDEN Large Project Tickets in GeoCall (Web Portal)

Searching for a Large Project Meeting Notice

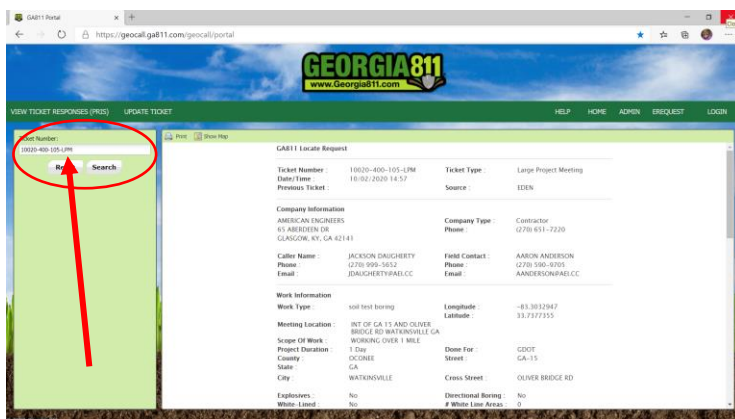

1. From the home screen select “VIEW TICKET RESPONSES (PRIS)”

2. Under “ticket heading” type in the ticket number (Ex. 10020-400-105)

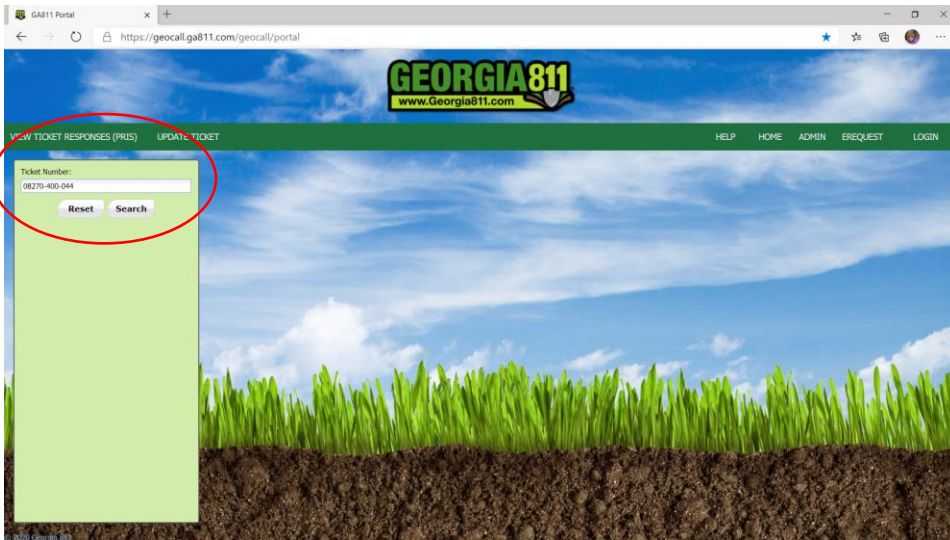

3. Your Large Project Meeting Notice will appear on the screen. If your Large Project Meeting Notice has already converted to an Large Project *Excavation* Notice you must add the suffix -LPM (Ex. 10020-400-105-LPM (See below))

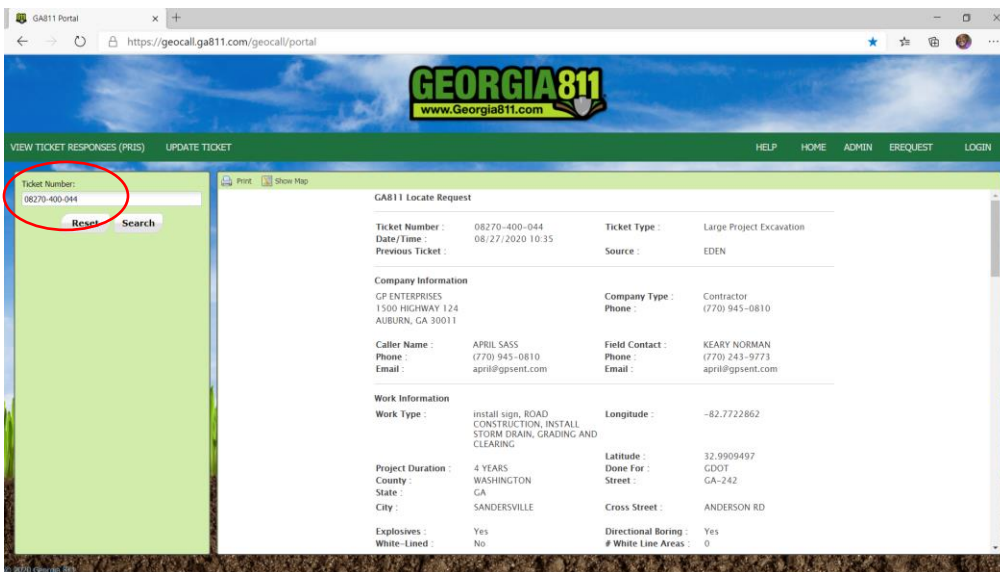

Searching for a Large Project Excavation Notice

1. From the home screen select "VIEW TICKET RESPONSES (PRIS)"
2. Under "ticket heading" type in the ticket number (Ex. 08270-400-044)

3. Your Large Project Excavation Notice will appear on the screen as below

Note: LP Excavation Notices can be pulled up in GeoCall using their EDEN ticket number identifier regardless if the ticket is active or has expired. The same is true for a Normal ticket (child) associated with the Large Project Excavation Notice.

Note 2: All ticket searches can be accomplished without logging into the system.
